Bringing Prepared Food

If you would like to bring prepared food or catering boxes without an outside provider setting up onsite, prior approval is required. A fee of \$100 per 20 guests, or part thereof, applies:

- 1 to 20 guests: \$100
- 21 to 40 guests: \$200
- 41 to 60 guests: \$300

Bringing an Outside Provider

If a caterer, coffee cart, food truck or similar provider will be setting up onsite, a fee of \$550 per provider applies instead of the prepared food fee. Outside providers must be vetted and approved at least five business days before your booking. Payment of the fee does not guarantee approval.

All approved providers must hold valid public liability insurance and be fully self-sufficient, as water and electricity will not be provided. They must supply all required equipment, remove all commercial waste and packaging after the event, and leave their allocated area clean and undamaged.

The booking holder is responsible for their guests and outside providers. Any additional cleaning, waste removal or repairs required will be charged to the booking holder.

Please note: Personal BBQs, kettles, microwaves, camping stoves, cooktops or other cooking equipment cannot be brought into or used at the venue.
